

**MÖBIUS IS DIFFERENT.
AND YOU?**

THEN YOU ARE THE NEW COLLEAGUE WE ARE LOOKING FOR.

You are passionate and dare to look at things from a different perspective. We are a young company. Born from the University of Ghent. With interesting customers. Contributing to society. Fostering breakthrough innovations. Wildly ambitious. Just like you, for your own career. That's why we understand each other. Together with our customers we realize impact. Together we pursue results and bring strategy into practice.

WHAT WE EXPECT

You have a Master's Degree and you have proven interest in our competence areas.

You have excellent communication skills (Dutch or French) and are able to build relationships between people and organizations.

You have a critical and analytical mind. You approach problems in a solution oriented way.

You are dynamic and naturally driven to improve and innovate.

WHAT WE OFFER

A young, professional and dynamic environment, with autonomous teams.

You will be able to express your talent and know-how on multiple challenging assignments.

A permanent contract with a unique remuneration package and benefits.

MÖBIUS BELIEVES IN PASSION AND TALENT. WHAT ABOUT YOU?

Apply now! Visit www.mobius.eu/jobs and fill out the form.

OUR VALUES

SHOULDER TO SHOULDER

You and Möbius stand shoulder to shoulder. Together we create solutions to achieve common goals. We are fans of talent and stimulate our employees' individual competencies in performant teams.

GUTS

We bring you innovation and creativity and question evidences. We applaud initiative on each level and expect you to take on ownership. More so, we stimulate it.

PERSEVERANCE

We passionately take on any challenge. We resolutely put theory into practice, words into deeds. Testing, adapting and moving on invigorated, driven to make progress. Never give up until we succeed.

TOUCHDOWN

We turn your challenges into ours. We want to achieve valuable results with impact. We delve into the very core of the challenge, take a solution oriented approach and keep the objective in mind.
